REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The closest prior art is considered to be Shi et al. (EP 1009044 A2), which teaches hole transporting anthracene derivatives. Applicant has shown in Examples 6 and 8 in the present specification comparative compounds commensurate in scope with the Shi et al. reference (see specification page 36, Table 2b) in comparison to Example 2 using Inv-1 which is commensurate in scope to the specifically substituted anthracene compounds of the present claims (see specification page 35, Table starting at line 15). A device formulated with the inventive compound results in a device that is longer-lasting by at least 290 hours. In light of the unexpectedly improved results of the very specifically substituted anthracene derivative as host material in an organic electroluminescent device, claims 1-17 and 19-27 are allowed.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dawn Garrett whose telephone number is (571)272-1523. The examiner can normally be reached Monday through Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Rena Dye can be reached at (571) 272-3186. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
